

“PM Day” Website Announcement-Internet

NJDOT will be demonstrating how it has actively pursued enhancements to its efficiencies and productivity through its implementation of a Project Management Improvement Initiative (PMII) and a Project Management Office (PMO). On November 2, 2006, NJDOT will join other organizations throughout the world in celebrating International PM Day by conducting an event sharing how deploying consistent project management practices have enhanced efficiencies at NJDOT.

The proposed **AGENDA** for the NJDOT PM Day is as follows:

- § 9:00am - Welcome from the NJDOT Deputy Commissioner, **Steve Dilts** and Introduction of our Key Note Speaker

In addition to the featured presentations, there will be running consecutively Display Tables from divisions throughout NJDOT and consultants which will illustrate how they are using project management tools, techniques and practices to improve operations.

NJDOT's history of Project Management includes establishing the Division of Project Management in 1996, launching the NJDOT Project Management Improvement Initiative (PMII) in 2004 and creating the Division of Project Management Project Management Office (DPM PMO) in 2005. In October 2005, Quality New Jersey selected the **PMII** and **PMO** as a best practice within State Government. NJDOT has realized that project management is becoming a core discipline throughout private industry and government, and as such they would like to extend participation of this event throughout NJDOT,

other NJ State and Government Agencies, Design Consultants and Construction Community, and other organizations.

The VALUE of Project Management to NJDOT

(1) VALUE to NJDOT to improve PM Practices Department-Wide

- § **Improve ‘Customer’ Satisfaction**
- § **Improve Efficiency within the Department**
- § **Improve Staff Resource Management**
- § **Improve Professional Satisfaction**

(2) Contributes to the Attainment of NJDOT Hyperbuild Initiative Objectives

- § **Faster Design and Construction**
- § **End Date Focused**
- § **Innovative Solutions**
- § **Safer Roads and Bridges**

(3) Enhances team synergy among NJDOT personnel to foster a climate of increased productivity and knowledge sharing
